## DEER CREEK DRY DIGGIN'S GROUP TO RAISE FUNDS FOR FOURTH

NEVADA CITY: The Deer Creek Dry Diggin's Association has been organized to aid in raising funds for the Fourth of July celebration in Nevada City.

Ray J. Spicklemier, instrumental in forming the organization, has announced that a "crazy auction" will be held to start off a series of entertaining social events.

Prospective date for the auction, which will be broadcast, is Tuesday, May 18. Many valuable prizes will be auctioned off.

Membership, which is open to everyone, will cost $1, and cards will soon be available. Those wishing to join or having auctionable old goods of any kind are invited to call Spicklemier, Si Sofge, or George Hansen.

A meeting for the election of officers is scheduled within a short time. A social function is planned for every two weeks between now and the Fourth of July.

There will be no Whiskerino organization this year. Basic purpose of the Deer Creek Dry Diggin's Association is to raise funds for the Fourth celebration.

### More Funds Sought By Sheriff's Office

NEVADA CITY: Sheriff Richard W. Hoskins appeared before the board of supervisors yesterday and asked that $800 be transferred from the unapropriated reserve fund to the sheriff's office for maintenance and operation for the remaining two months of the fiscal year. He stated that the budget set up for that purpose had been exhausted.

On motion of Supervisor Frank A. Rowe the question of transferal of funds was submitted to District Attorney Vernon Stoll. Supervisor Cary S. Arbogast seconded the motion. Stoll is expected to answer the question of law sometime today.

## POLIO FIELD MAN MEETS LOCAL CHIEFS

GRASS VALLEY William H. Pemberton, field representative of the National Foundation for Infantile paralysis, meeting Tuesday night with the officers of the Nevada County organization, outlined plans for this year.

The Nevada County chapter of the organization is under heavy expense in maintaining a patient suffering from polio in a San Francisco hospital. Despite generous giving of funds in the recent drive, local funds are already exhausted. Pemberton gave an account of the scope of work for the local organization, the manner in which accounts should be paid, and reviewed general chapter business between drives.

Charles Veale, manager of the Nevada County Hospital, reported that the board of supervisors have approved the suggestion that a special room to be fitted out and equipped in that institution for polio sufferers. The county chapter will provide with furnishing the room and equipping it.

## SEEK NEW ROAD TO GRANITEVILLE

NEVADA CITY: The board of supervisors, holding their May meeting, yesterday were presented with a petition to build a road from Graniteville through Washington.

The petition was presented by Mrs. Frances Simpson of Graniteville. The prposed road would require six miles of new construction. Mrs. Simpson pointed to advantages of such a road, to lumbermen, vacationists, and miners. The board agreed to confer with County Road Engineer Joseph O'Connor.

The Sierra Nevada Chamber of Commerce appealed for assistance in putting up several large signs. This was discussed and finally referred to District Attorney Vernon Stoll.

## Engle Introduces Bill To Get Bonneville Power For C. V. P.

WASHINGTON: A bill to authorize the construction of a transmission line connecting the Bonneville Power System and the Central Valley Power System was introduced recently by Congressman Clair Engle (D) of California. "The measure," Engle asserted, "is for the purpose of making it possible to bring dump or waste power from the Bonneville Power System to the Central Valley of California."

"This measure, as I have previously stated," Engle said, "will enable us to utilize almost 2,000,000,000 kilowatt hours of power per annum which is now going to waste in the Bonneville System. It is true that there is a power shortage in the northwest as there is in California. However, the shortage is in 'firm power'. There is still waste or dump power in the Bonneville System which could be utilized in Northern California. As a matter of fact, dump power is now being exported to Canada from the Bonneville System under a Presidential permit".

Engle called particular attention to one section of the bill which he said was for the purpose of giving "assurances to the people in the Northwest that nobody is trying to take their firm power". This section provides that the system of origin shall have first right to any and all power of that system without regard to the requirement of any other system or systems. In addition, the measure further provides that only dump or waste power can be exported unless a surplus in any other classification is certified by the Administrator.

# THE - Diary of a 49'er

FROM THE BOOK EDITED BY C. L. CANFIELD

JULY 14, 1851.—It was Pard who got a surprise this week. We had a special invitation to come over to Selby Flat Wednesday night and, although Pard did not want to go, a delegation came over for us and we could not very well refuse. We did not know what was up and they would not let on, but when we got there we found a crowd of about a hundred miners gathered at the hotel. Of course, it was drinks all round; you can't do anything in this country without setting 'em up first, and then Henry Shively made a talk. Said that the miners of Brush and Rock Creeks and the residents of Selby Flat were proud of the fact that they had a man among them who, as an orator, laid over anything that the town of Nevada could produce as was demonstrated by his Fourth of July speech and that the Nevada City lawyers were not to be mentioned in the same class as Anderson. Then he produced a big gold watch that weighed about a pound and presented it to Pard as a token of the boys' appreciation. Pard was so taken back that for a while he couldn't speak, but he finally caught on and gave them a nice talk. Then he set up the drinks again and we left for the cabin. When we got there we looked over the watch by candlelight: it certainly was a stunner and must have cost three or four hundred dollars. There was an inscription:

"Presented to L. T. Anderson, July Fourth, 1851, by his admiring friends and miners of Brush and Rock Creeks. He made the eagle scream."

For some reason Pard did not seem to be chirrupy and when I asked him what ailed him he said: "Alf, I've been playing it pretty low down on you boys. My name ain't Anderson and I never can wear this watch where I am known."

(To be continued)

# LARRY MYERS NAMED DEPUTY CORONER

NEVADA CITY: Coroner Alvah Hooper yesterday announced that Larry Myers, Grass Valley, proprietor of the Myers Mortuary Chapel, will be deputy coroner. Myers was sworn in during the afternoon.

Since the coroner resigned his post as manager of the Hooper and Weaver Mortuary he said he had made other arrangements for the disposition of coroner's cases. These include not only those who die by violence but also many cases of sudden death from natural causes.

Other coroner's deputies are Tom Dolley of Truckee and Stanley Mitchell of Grass Valley.

### MONO COUNTY TROUT PROSPECTS

Trout anglers should enjoy a good sport when the season opens along the West Walker River from Leavett Meadows downstream to Antelope Valley in Mono County, predicts National Automobile Club. Best fishing should be had in the meadows area where the river is not too rapid, and eggs, worms, and spinners should all work well.

# WILL BUILD HOME ATOP SUGAR LOAF

NEVADA CITY: A. M. Mull, well known Sacrmento attorney, has purchased the Sugar Loaf Mountain property adjoining this city on the north, and will build a residence on top of it.

He has engaged Joy Hilliard, local contractor, to level the top of the mountain and to build a road to it. The property formerly belonged to the Walter Daniels estate. There are more than 200 acres in the property, which also include the old Manzanita Diggin's and a part of Harmony Ridge.

# ROUGH AND READY HALL TO BE REPAIRED

GRASS VALLEY: The meeting of residents of the Rough and Ready district at the Odd Fellows Hall there last Sunday resulted in the appointment of three new trustees for the building and formulation of program of repairs.

The new trustees are William Bursell, Mrs. Robert Steuber and Andrew Rodgers. Sunday, May 16th was set as work day in which repairs to the hall, now 95 years old, will be made. There will be no changes, it was decided, in the architecture. That is to remain as a monument to the Mountain Rose Lodge of Odd Fellows, who built the original hall in 1853.

The members of the I. O. O. F. Lodge passed on and in time the lodge was combined with the Grass Valley Lodge. There are two graves in the rear of the hall, the names long since effaced. These will be cared for, and the hall will be used as a community center.

### Home Department Sees Demonstration On Kitchen Storage

The group's next meeting will take place May 26th, and the topic will be, Nutricious and Low Cost Meals. Members are asked to bring their friends and their own lunncheon. Coffee will be provided.
